

Department Announces Legion Racing 2006 Booster Program

You are a proud Legionnaire. Proud of your service to our country, proud of our organization, proud of the American principles for which we stand. We know freedom makes our country great and we know it has been paid for by the sacrifices of veterans and strengthened by our men and women in our armed services. We work hard for our veterans and to help bring out the best in our children and youth through our many programs, and we strive to make our country stronger and our communities better places to live.

By now you have heard of The American Legion Freedom Car. By now you know we want to race the Freedom Car in the NASCAR Busch series to raise public awareness of the Legion's dedication to our veterans, our troops, and our values. And by now you know that The American Legion is not putting one penny of money into the car that would normally go to *any* of our veterans or children and youth programs.

Now is the time to shine one of the nation's largest spotlights – NASCAR – on The American Legion, and not only show America who we are, but help unite our country in the spirit of patriotism and honor. We have the car...we have the driver...we even have a pit crew...now we need you.

The Department of Maryland has instituted the 2006 Freedom Car Booster Club to help raise funds to help get our car on the track. For as little as \$5, you can be a part of this winning effort and receive a token of our appreciation for your support. Please complete the below form and send in your donation to be a part of this winning team. Thank you.

Yes, I want to be a Department of Maryland Legion Racing Booster. Enclosed is my check for \$ _____.
